PAUL GEORGE

Commercial Manager

Drax Electric Vehicles

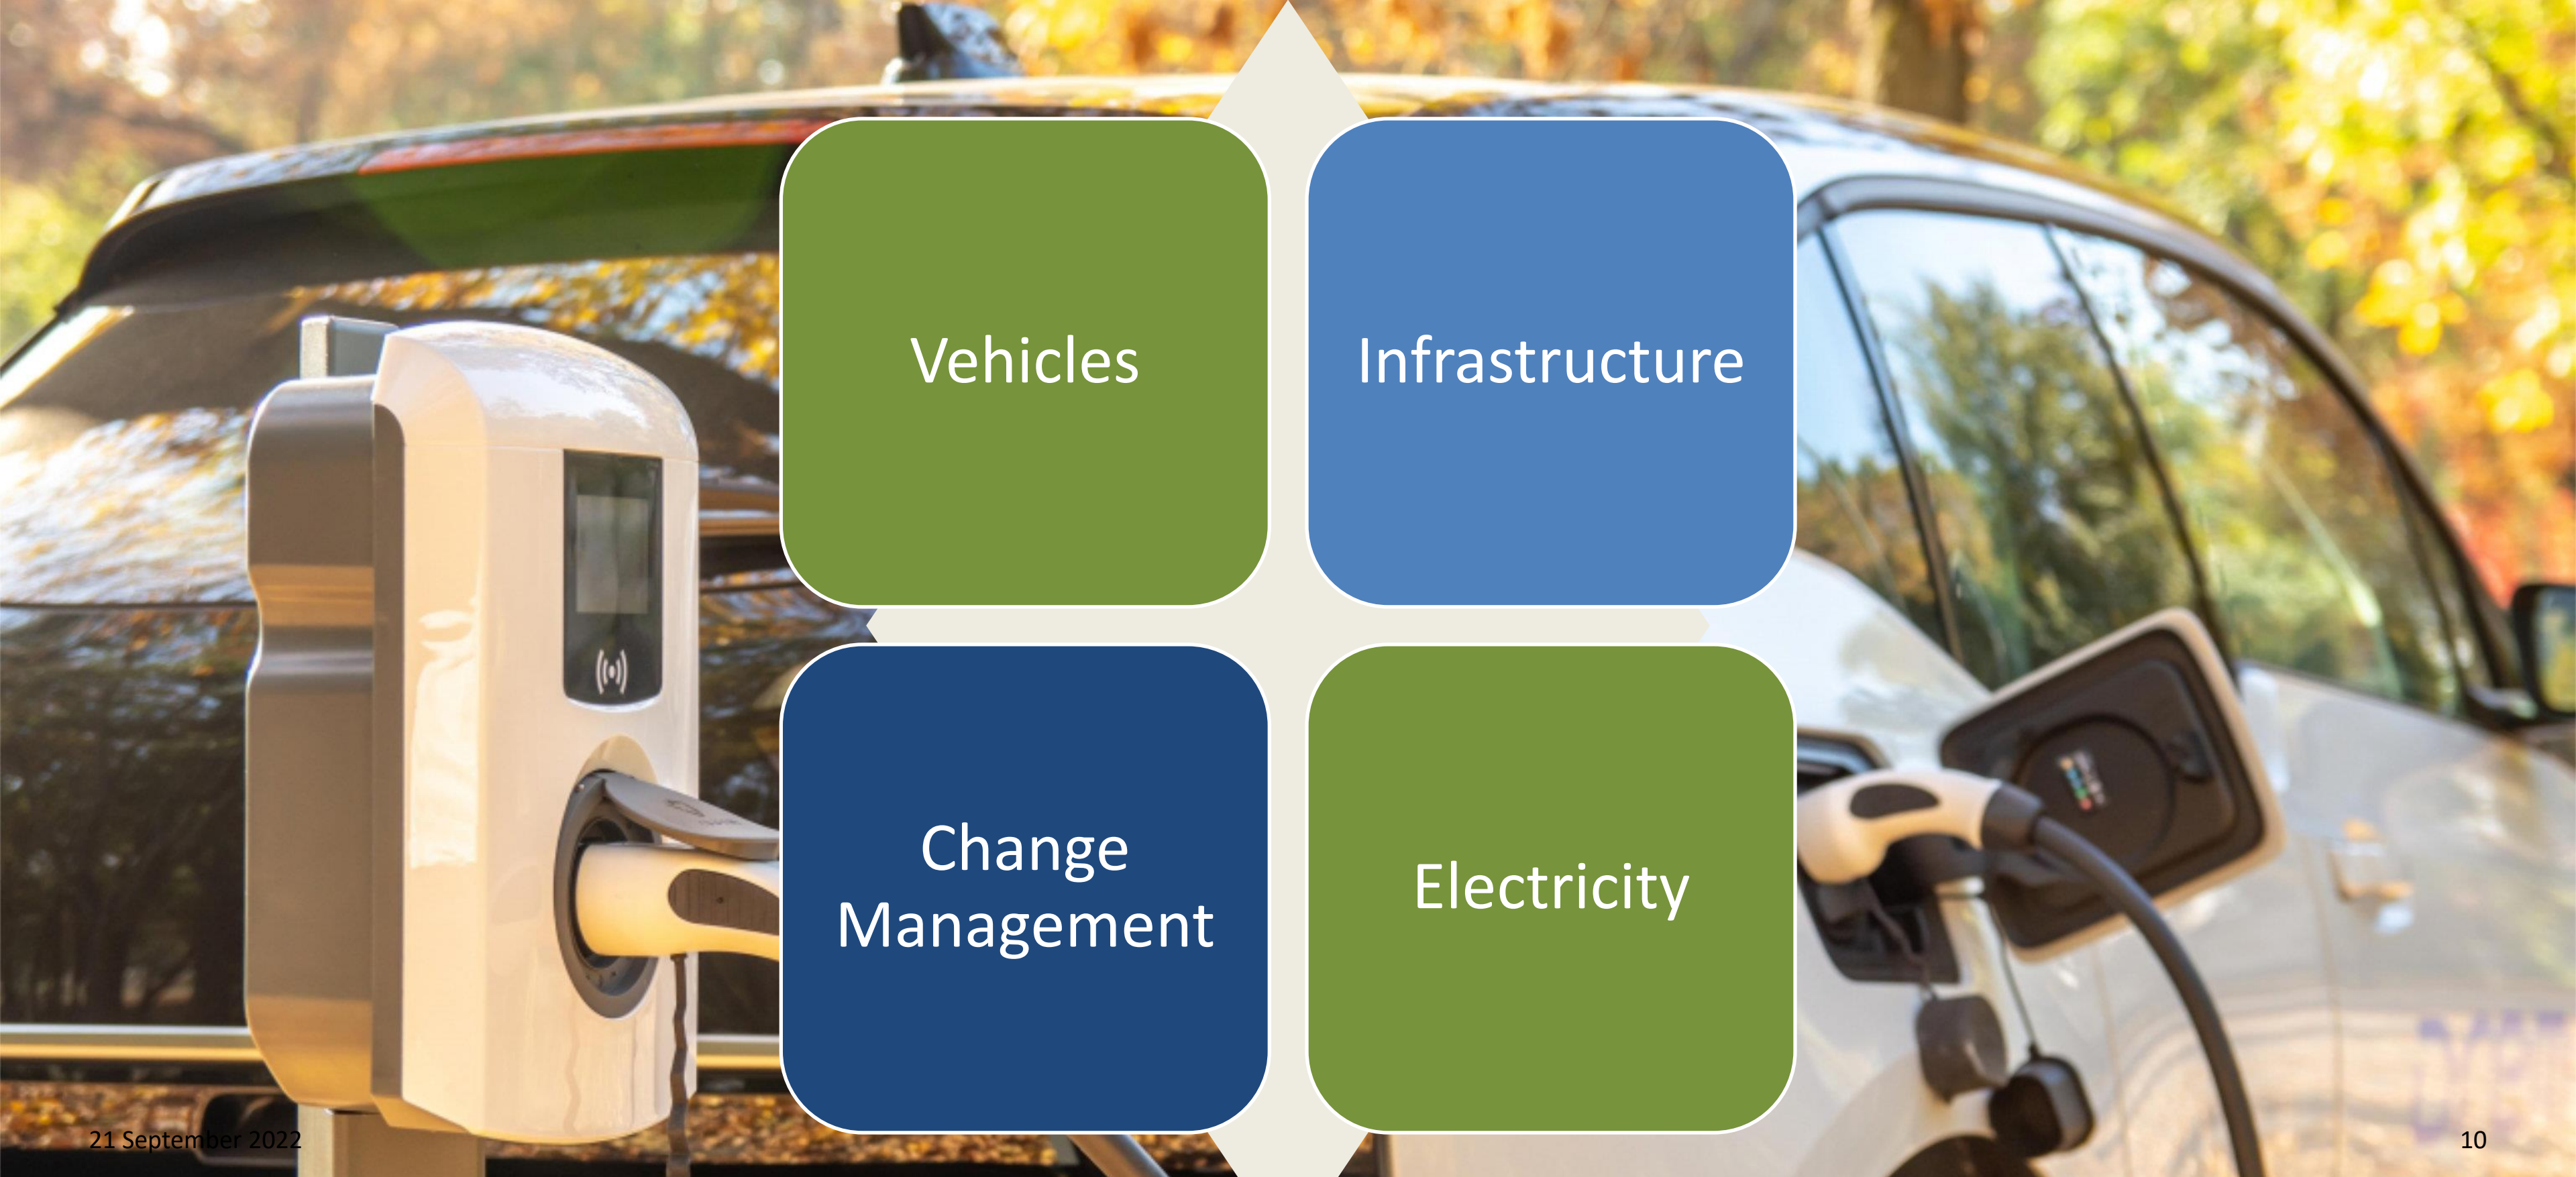

Setting Your Electrification Strategy

14th July 2022

Presented by: Paul George- Commercial Manager Drax Electric Vehicles

Setting the strategy

Vehicles

Infrastructure

Change
Management

Electricity

Key considerations

Vehicles

Business operations need to be centric to EV deployment
Driver/vehicle suitability assessment
How will they be financed?

Infrastructure

Will current infrastructure support increased power demand?
Will you need to make any investment over the short/medium/long term
Future Proof requirements

Change Management

Vehicle/ driver activity
Changes in operational activity
Employee /Departmental 'Buy-In'

Electricity

Impact assessment (short/medium/long term)
Optimising energy consumption
ESG & Net Zero ambitions

Your Electrification Partner
