<b>Proposed Micro-generator Details:</b>						
Address	Post Code	MPAN	Micro-generator Registered Capacity in kW at 230 V AC			Manufacturer's Ref No (this number should be registered on the ENA <b>Type Test Verification Report</b> Register as Product ID)
			PH1	PH2	PH3	

Use continuation sheet where more than 10 **Micro-generators** are to be installed.

Please include an electronic map with the location of each Customer Installation highlighted in red.

Record **Micro-generator Registered Capacity** in kW at 230 V AC, to one decimal place, under PH1 for single phase supplies and under the relevant phase for two and three phase supplies. For example 2.8 kW.

Detail on a separate sheet if there are any proposals to limit export to a lower figure than that of the **Micro-generator**.
