Policy Updates – Major Policy Updates

Ref	Issue	Title
CP411 Pt2 N	Iss_6	6.6/11kV Cable Jointing
CP605	Iss_3	System Operations
CP608	Iss_32	System Control Manual

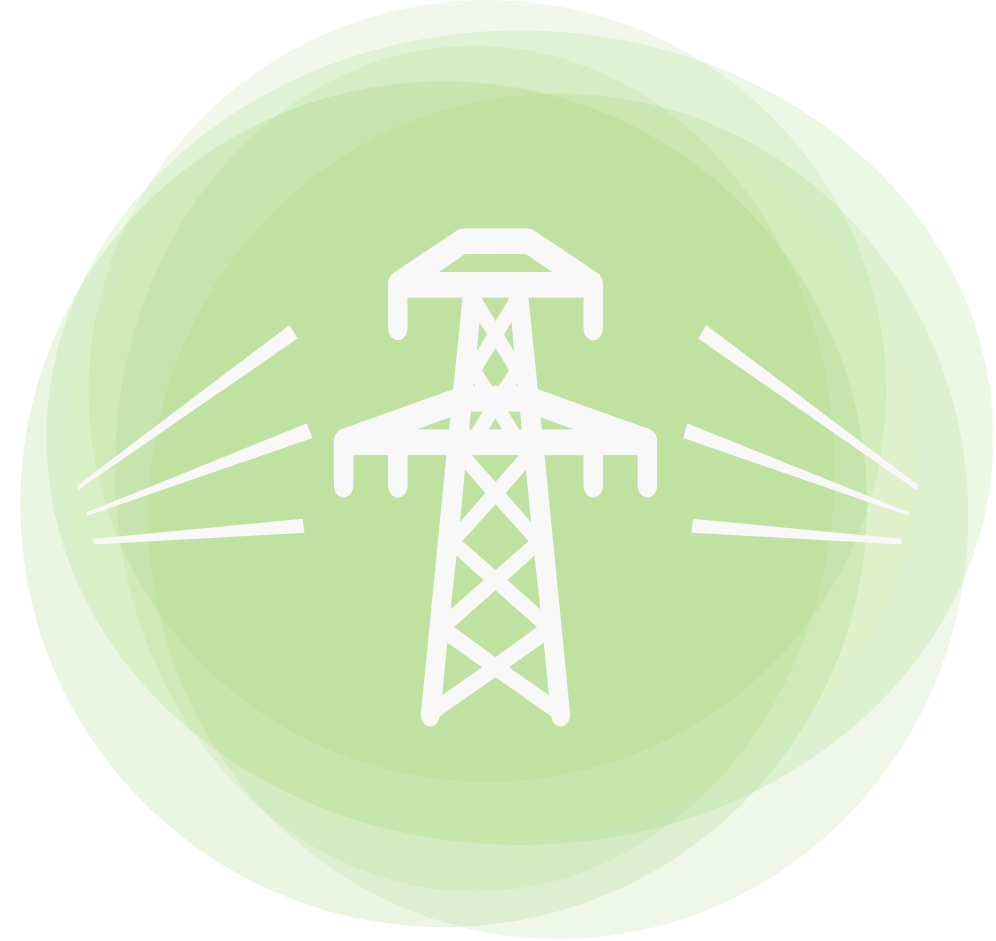

Major Policy Updates

Standard Technique 2 – Use of Spiking Gun

- The technique has been updated to add 400mm² triplex cables.
- The text confirms the existing purple clamp can be used for this size of cable.
- The cartridge section chart has been removed and replaced with a statement that selection of correct cartridge is responsibility of SAP based on information in CP606, Procedure B12.

CP605 – System Operations

- Reformatting to new CP manual format.
- Withdrawal of procedures 4.3, 4.4, 4.6 and all of Section 6. Policy is covered within other CP's.

CP608 – System Control Manual

Two New OPs have been added to Section 6.

- OP93 - Sheffield Rd Bess Tripping Scheme.
- OP94 – Atherton (205317) - Coal Pit Lane BESS Tripping Scheme.
- Section 6 Index updated.
